

# Take the next step toward a career in art and design.

At ArtCenter College of Design, students learn by doing in small studio classes led by a faculty of practicing artists and designers. Check out a few helpful resources as you explore and learn more about our educational offerings. Your creative future awaits you at ArtCenter.

## Undergraduate Digital Viewbook (PDF)

Our viewbook contains information regarding our academic programs, resources, and examples of student work from across various disciplines.

## Application Requirements

ArtCenter offers a specialized education that places students in intensive studio classes specific to their major from their first term of study. Students are required to choose a major when they apply and submit a portfolio specific to that major.

 [Learn More](#)

## Portfolio Requirements

Your portfolio is the single most important aspect of your application. Your portfolio must be oriented specifically to the one major for which you are applying. View the portfolio requirements as you prepare to apply to one of our highly specialized academic programs.

## Financial Aid & Scholarships

ArtCenter awards scholarships to students who demonstrate both financial need and outstanding visual and academic ability. International students do not need to establish financial need.
